Joseph F. Bridger

Education: BSME - May 1993, MSME December 2001
Department of Mechanical and Aerospace Engineering
North Carolina State University at Raleigh
Graduate specialization in acoustics and noise control

Technical Member - Acoustical Society of America
North Carolina Chapter
Chair 02-04, Treasurer 96-98 & 04-05, Secretary-Treasurer 98-02

Activities: Member - Institute of Noise Control Engineering

Experience:

Joe is our lead consultant for most architectural acoustics and building noise control problems, including room acoustics, isolation, and HVAC noise. He also does field measurements and investigations especially in architectural acoustics and environmental noise. He brings to his work the unique perspectives of a professional musician and strong talents in computer applications as well as his engineering training. He has developed for the firm a wealth of programs, macros, and spreadsheets to aid in analysis and data processing. He has served chair of the North Carolina Chapter of the Acoustical Society of America, and has presented papers to chapter and national meetings.

Member Firm – National Council of Acoustical Consultants
